Supplement to Bulk Storage and Handling Guide

This product-specific information supplements the Corteva Agriscience™ “Bulk Storage and Handling Guide”. Use these documents together to understand the requirements for a bulk storage facility of this product. To obtain additional copies of this Bulk Storage & Handling Guide, or this product-specific Supplement, see <https://BulkHandlingGuides.corteva.us> or contact your Corteva Territory Manager or Sales Representative.

General Storage Comments

GrazonNext HL is a combination of aminopyralid and 2,4-D. It handles well in bulk: the product requires no special mixing; has no restrictions related to flash point, and is compatible with most common materials of construction.

CAUTION: Eye contact may cause severe irritation with corneal injury which may result in permanent impairment of vision, even blindness. Chemical burns may occur. Read the label and SDS for more information.
