LandVisor® Enrollment Process and Benefits

Requirements of LandVisor® Enrollment When Purchasing Sendero® herbicide

Contact your local retailer/applicator or Corteva Range & Pasture Specialist for acre enrollment steps. You can find your Corteva Specialist at rangeandpasture.com/specialist.

How to Enroll my Mesquite Acres in the Landvisor® Brush Management System

LandVisor provides ranchers a variety of insights tailored to their land, up-front planning capabilities for potential spray areas, and an enhanced service policy all to help increase ROI while obtaining specific ranch goals.

Purchasing Sendero® Herbicide Is Not Mandatory for Landvisor Enrollment

Although landowners using Sendero Powered by LandVisor have the option to enroll in the LandVisor System, the benefits of the LandVisor system are optional and do not come with an additional cost or subscription fee.

Qualifying for the LandVisor Advanced Brush Management Service Policy

To qualify for the enhanced service policy provided through the LandVisor system, you must enroll your pasture and meet LandVisor program requirements.

Use Sendero Powered by LandVisor for the Completion of NRCS EQUIP and Other Similar Programs

Sendero Powered by LandVisor can be utilized within NRCS EQUIP and other similar program contracts.

The Best Suited Application Types for Enrollment in the LandVisor Advanced Brush Management System

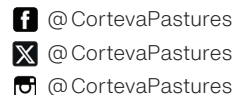

Aerial applications (fixed wing or helicopter) made to mature, non-manipulated mesquite trees are best suited for participation in LandVisor. Corteva Agriscience works to continue developing the technology to include other types of application methods and species.
