

# More Savings. More Choices.

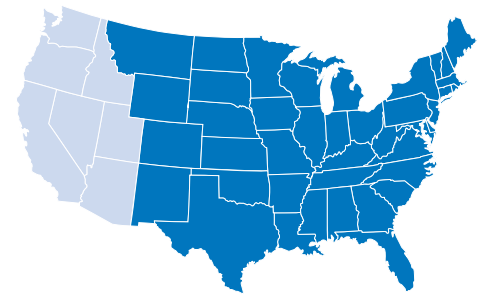

## 2019-2020 Eastern Crop Protection TruChoice®

### Offer – Prepay and Corteva™ Cash

Corteva Agriscience is introducing a better way to buy crop protection products than making your farmer customer wait until the end of the year for their rebate.

This 2019 TruChoice® offer focuses on working with you, as an authorized retailer, to provide your farmer customers with upfront savings for their crop protection and qualified seed purchases. More than 100 proven crop protection products from Corteva are included in this TruChoice offer. With no bundle requirements, farmers can select what they need — from nitrogen stabilizers to herbicides to insecticides. Together, we're working with you to provide your farmer customers with more savings and more choices — without waiting for a rebate.
