

A full-service glyphosate

DuPont™
Abundit® Edge
herbicide

DuPont™ Abundit® Edge herbicide (glyphosate) delivers:

- Proven control of more than 100 annual and perennial grass and broadleaf weeds.
- Excellent crop safety with no soil residual activity.
- The complete package that does not typically require the use of additional surfactants.
- The label for multiple applications: glyphosate-tolerant crops and burndown.
- Tank-mix compatibility with other crop protection products, reducing the number of trips across the field.
- User-friendly formulation that makes it easy to mix and apply.
- DuPont customer service and DuPont-sponsored programs.

Rate recommendation

DuPont™ Abundit® Edge herbicide (glyphosate) 22 oz/A

See label for specific application details and tank-mix options.

Application information

- For use in certain cropping systems, including glyphosate-tolerant alfalfa, canola, corn, cotton, soybeans and sugar beets, plus reduced tillage and fallow systems.
- Tank mix with a labeled residual herbicide to improve control and help manage resistant weeds in corn, soybeans and other crops.
- Can be applied as a preplant burndown application in the fall or spring; preemergence burndown; postemergence to glyphosate-tolerant crops such as alfalfa, canola, corn, cotton, soybeans and sugar beets.
- Rainfast one hour after application.

Abundit® Edge (glyphosate)	Formulation overview
